**MONTHLY MEETING MINUTES**  
**Sunday, May 21, 2023**

The regular monthly meeting was called to order via Zoom at 4:00 PM.

Members attending: Cynthia England, Anita Bock, Brandon Hemley, Chas Voorhis, Jean Schulz, Linda Meier, Stephanie Seiler, Steve Kaplan, Elizabeth D'Orazio

1. BC recruitment event: Rather than have a one-time event at Zinz, it was decided to have a table set up at every summer concert with handouts regarding CTH NRG, Firewise, etc., our map on display, a BC recruitment sign, and sign-up sheet for a BC orientation. We can hand out a voucher for a free glass of wine at Zinz to anyone who signs up for a BC orientation (hopefully Zinz will be willing to make that their contribution to our cause - as there will not be that many). See attached sign-up sheet.

This way we:

1. Highlight our NRG
2. Highlight and share information about Firewise and wildfire preparation
3. Spread the word that we need BCs

Hopefully we can find 12 volunteers to man the table through the concert season. If not all, at least enough for some of the concerts.

2. Node Radio checks update: Cynthia England participated in the Madrone Node test as a guest, responding as "Christmas Tree Hill" on May 18. The Madrone Node will do their radio test on May 31 at 7pm. Cynthia England and Anita Bock will be at the site with the Madrone team to assist and to observe (either Station 14 or Bread and Roses). Stephanie Seiler will respond via radio on behalf of CTH NRG. The test will be conducted on 2 radios (Midland and Retevis).
3. Map realignment update: ZCs have approved the new map configuration. Linda Meier and Scott Thorpe have some minor changes then we are done. The new map can then be distributed.
4. It was agreed there will be no June or July CTH NRG Monthly meeting.
5. It was suggested and approved that we move forward the idea of more than one BC for each area, volunteers permitting.

**The meeting adjourned at 4:20 PM, followed by the Firewise Board meeting, hosted by Brandon Hemley.**
